Custom lengths available for C-108, C-134, C-144, P-154, P-164, C-434, C-534 and C-634 Wall Hydrants.

How do I figure out the product number?

Select the hydrant style, inlet type and hydrant length. Next, find the code for each part to create your item number.

Example: C-144 + X + 12 = C-144X12

SINCE 1881:

INNOVATIVE. RELIABLE. VALUE.

BUILT FOR LIFE.

Founded in 1881 as a brass foundry by a German emigrant named Anton Prier in Kansas City, Kansas, PRIER began by manufacturing cast brass items, including coach lanterns, plaques and other specialty items applicable for life, at the end of the 19th Century.

Brass, being a nonferrous metal, lends itself nicely to water applications and soon, PRIER began pouring various plumbing products. After inventing and patenting one of the first self-closing faucets, PRIER began to increase their offering and grow their sales to the plumbing industry.

As time progressed, PRIER maintained a prestigious reputation for heavy pattern, high quality products that continue to this day. Every day, PRIER draws on their strengths in heavy patterned brass and grows product selection in residential hydrants, commercial hydrants and plumbing products.

In 2007, PRIER acquired the Brass Division of Mansfield Plumbing Products, their tried and true product, allowing PRIER to expand their series of residential and commercial plumbing products. This acquisition of additional product assisted in PRIER's growth across many areas of the country while bringing the popular Mansfield style products to the market, backed by PRIER's exceptional service record.

Sound principles, quality products and careful workmanship are three aspects that have held true throughout the life of the company and have enabled PRIER to grow steadily from 1881 to this day.

TRUE TEMP
SINGLE HANDLE HOT & COLD

FROM WINTER TO SUMMER

The TrueTemp has you covered.

Combining the time-tested success of PRIER's frost-proof hydrants with cutting edge technology, the TrueTemp provides tempered water for any use outside of the home.

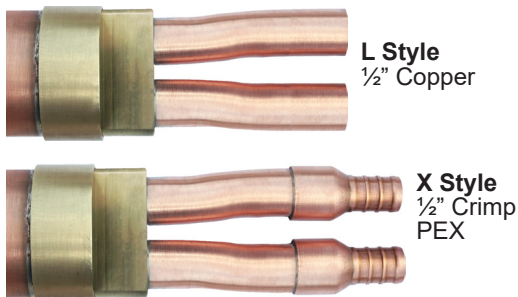

Homeowners can now wash their cars any time of year, bathe their dogs in comfort, fill the pool, and tackle outdoor cleaning with ease.

Available now in satin-nickel plated or oil-rubbed bronze finishes, with either a copper or crimp PEX connection.
