Build With Purpose

A LETTER FROM THE PRESIDENT

Thank you for your continued business with PRIER Products. PRIER has always taken our Mission Statement seriously, striving to be your best partner.

In order to accomplish our mission, we are devoted to:

- Removing hassles – making installations easy, and no minimum orders or fees
- Providing live support from people who care about your business
- Handling any size order or challenge
- Shipping your order within 8 working hours from the center of the U.S.
- Creating products that stand the test of time
- Making code-approved products and having engineers on staff to answer your questions
- Supporting worthy causes that positively impact lives around the world

In the pages that follow, you will find the 2020 PRIER Product Guide highlights all PRIER items including new residential and commercial products – some not even released yet. For PRIER, much of 2020 revolves around helping you Build With Purpose, so we are launching a more user-friendly website and partnering with MasterSpec to make it easier to spec PRIER among other customer-focused initiatives. Follow our social media pages on Facebook, Instagram, Twitter and LinkedIn for regular news and product updates.

We would be honored to have you visit our manufacturing campus in Kansas City, MO to learn firsthand about the difference we're making in the industry. Feel free to send me a note anytime.

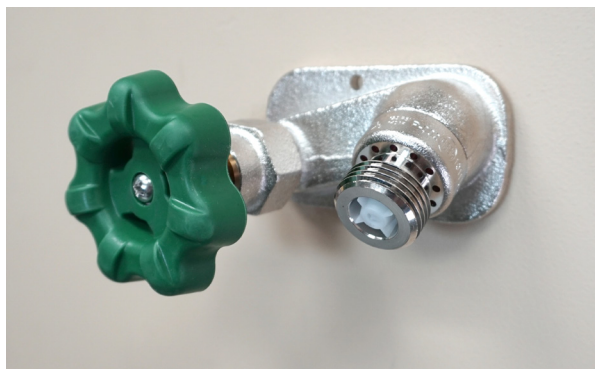

Kind Regards,

Nick Manning

About Freezeproof Hydrants

Freezeproof hydrants help prevent your pipes from freezing as long as the valve is installed correctly and hoses, sprayers, timers and other connections have been removed during freezing temperatures to allow water to drain from the hydrant.

How do I measure stem length?

Measure overall stem length from brass tip to brass tip. See photo below for example. For spring-loaded stems, measure with the spring expanded out.

Are there custom lengths available?

Custom lengths available for C-108, C-134, C-144, P-154, P-164, C-434, C-534 and C-634 Wall Hydrants.

Are there custom finishes available?

Custom finishes available for C-108, C-134, C-144, C-434, C-534, C-634, C-135, C-235, C-155, C-255, C-355 models & boxes, P-118, P-154 and P-164. Custom finish orders cannot be canceled or returned.

Can I save money by buying in bulk?

Some hydrants are available to buy bulk in quantities of 24; just look for the bulk packaging icon. With bulk pricing, deduct \$0.50 per price unit from list price. Add -BULK to the end of the part number to order in bulk quantity.

How do I convert a handle to loose key?

There are kits available which convert between loose key to handle and vice versa.

ICONS

Our products are designed to meet the high standards of the American Society of Sanitary Engineers.

Our products are designed to meet the high standards of the Uniform Plumbing Code established by the International Association of Plumbing and Mechanical Officials.

The Diamond Series offers a three-year limited product warranty.

Save money by buying in bulk on select items. Orders must be in multiples of 24.

Our hydrants have quarter-, half- and full-turn designs. Look for this symbol.

Our C-108, C-208, P-118 and P-754 offer hot and cold tempered water.

Some of our hydrants offer the ability to convert to a loose key for added security.

Look for our hydrants that meet the lead-free requirements.
